I can highly recommend this vigil, every year so far has been excellent. *Joseph Sweeney*

I would highly recommend anyone who can make it to come to the vigil, time with Jesus in the Blessed Sacrament is time well spent! and there is always time for a chat and a cup of tea! lovely all round, I've made some wonderful friends and deepened my relationship with Christ at the vigil. You will enjoy the experience!

Every year this is an amazing and powerful vigil and I am so looking forward to participating in as many hours as I can do, my mind, body and soul need healing and no better way to find healing than in the house of God surrounded by so many wonderful people who have put a lot of time and effort into this vigil. I am so very excited
